

MUFI HANNEMANN  
MAYOR

### MESSAGE FROM MAYOR MUFI HANNEMANN

I am pleased to send my warmest aloha to everyone attending the Institute for Electrical, Electronic Engineers Global Communications Conference.

Our city is honored to host this communications event and welcomes industry professionals and academics from companies, governmental agencies and universities around the world. The IEEE Globecom 2009 theme, Riding the Wave to Global Connectivity, covers a broad range of perspectives, practices and technical expertise. This important conference offers attendees the opportunity to stay informed about the latest developments in communications technology.

I encourage our visiting guests to take the time and experience the many unique aspects of our island. Enjoy our spectacular natural beauty, the warm aloha spirit of our people and the multitude of options available for recreation, shopping and dining.

On behalf of the people of the City and County of Honolulu, I extend best wishes for a memorable conference.

  
Mufi Hannemann
